George offers many different ways to personalise your banking experience. One of them is changing your background when using the George browser version. Feel free to try it out and play around with it.

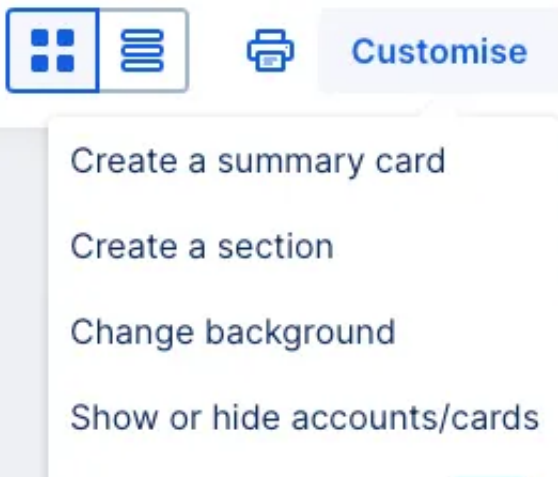

Web Browser

## How to do it

Access George.

Click the "Customise" button on the right side of your overview.

Go to "Change background".

Show sums

Choose one of the custom George backgrounds you like.

Save.

Your background has successfully been changed.

#### Change background

Close X

Here you can choose a background for your overview. My designers have added a lick of paint to the background styles. You can select the one you prefer from the list.

Save

## App

This feature is currently only available for the George browser version.

There are also many other ways to personalise your George overview. You can **create sections** or **summary cards** or even **hide certain accounts or cards** from it – just as you want and need.
