Your credit card is your flexible payment method on the go – no matter where you are. Just look out for your credit card's logo. With it, you can manage your payments easily and stressless. You can pay in stores or online and withdraw cash from an ATM. In the credit card overview, you get all the important information about your credit card at a glance.

Please note

Cash withdrawals with your credit card are **not free of charge**. 3% of the withdrawn amount (at least € 3,63) are charged.

We advise you to use your debit card for cash withdrawals.

App

How to get there

Access George.

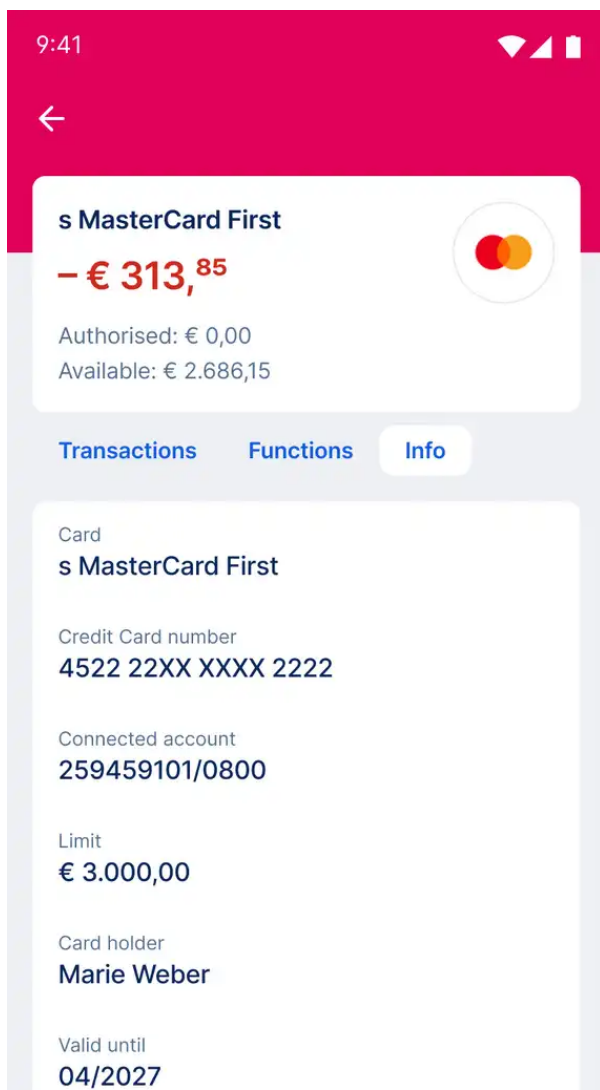

In the overview (if not hidden), you will see your credit card(s).

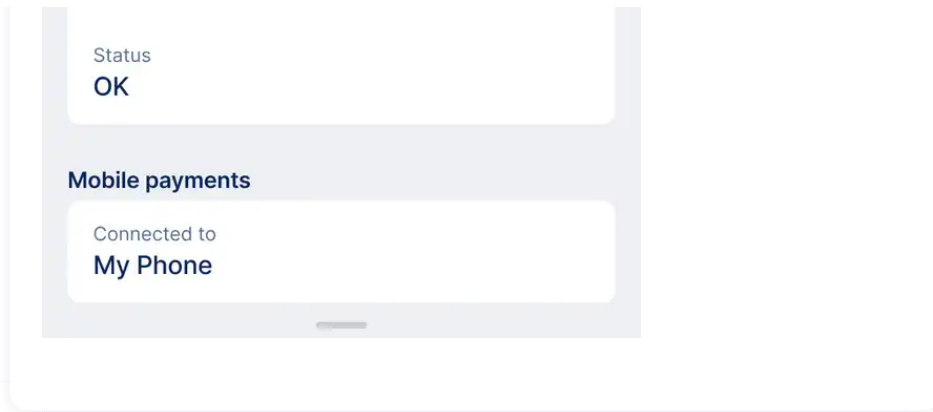

You will see your balance, available amount, pre-authorised payments and your limit.

There, you can also choose "Increase available amount" to do so.

If you click on the credit card and then go to "Info", you will see all the details regarding your credit card, such as the credit card number, connected accounts and so on.

If you switch to "Functions", there you can lock your card, edit card features, activate mobile payment services and more.

How to get there

Access George.

In the overview (if not hidden), you will see your credit card(s).

You will see your balance, available amount, pre-authorised payments and your limit.

There, you can also choose "Increase" to increase your available amount.

You can also access your credit card via "Your Products" in the main menu.

If you have chosen and clicked on your card, George will go into detail a bit more.

You, again, have the possibility to increase your available amount. Or you could change your card limit.

If you click "Expand" you'll get even more details such as daily and weekly cash withdrawal limits.

To stay on top of your payments and transactions, you can access this information any time via George. Plus, you will receive a **credit card invoice** once a month to get a better overview of your spendings.
