Detailed Information About Your Savings Account

If you have read the information and are sure you want to set up a savings account, tap **"Open now"**.

Customising Your Savings Account – 3 Steps

Step 1:

Select individual settings for your savings account, such as:

An **optional initial deposit** and the current account from which it should be debited.

Optionally linking it to a debit card, allowing you to withdraw money directly from the savings account at ATMs.

An **optional standing order**.

Details about the savings amount. The bank is legally obliged to collect this information. However, don't worry, providing an estimated savings amount does not obligate you to reach it.

Mandatory legal information. For example, you must confirm that you are opening the savings account for yourself.

Step 2:

Review the summary of your data. If everything is correct, tap **"Next"**.

Step 3:

Here you can **download the contract for your savings** account. All documents will also be sent to you via email if you agree.

If you agree to the contract and wish to proceed to the final approval, tap **"Approve now"**. Then, please complete the process using your valid approval method, such as **George ID**.

Congratulations!

By following these steps, you have quickly and easily opened your new George savings account. Generally, you can use the savings account within a few minutes and it will also appear on your **George overview** and product list.
