George acts as your daily companion about your finances. He makes your life easier and helps you manage your money. If you also let him send you notifications, he might make your life even easier. Read further to find out more about how and where to set your notifications via George.

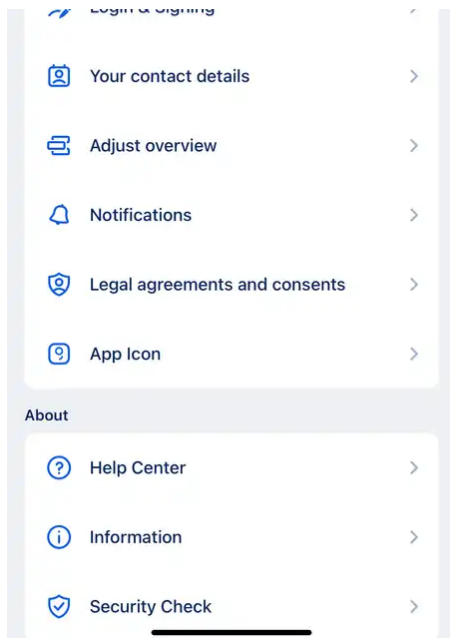

App

How to get there

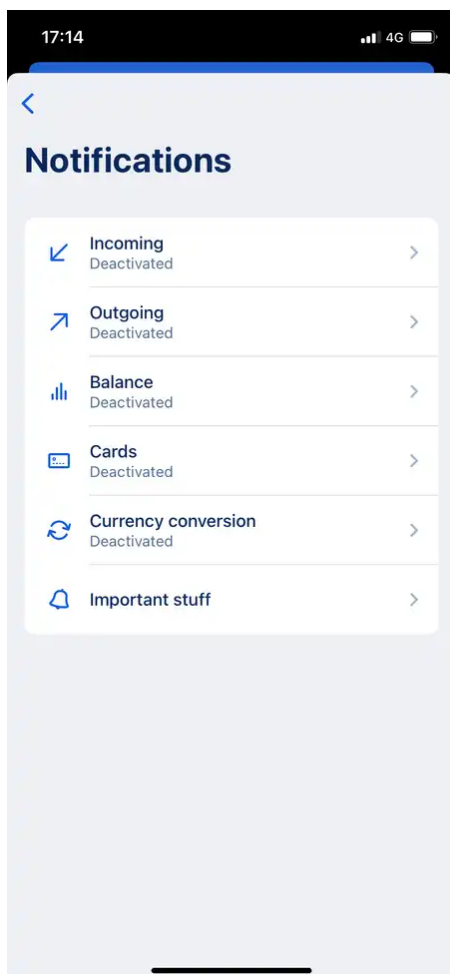

From your overview, go to your profile.

If you scroll down, you will find a section called "Notifications". Go there.

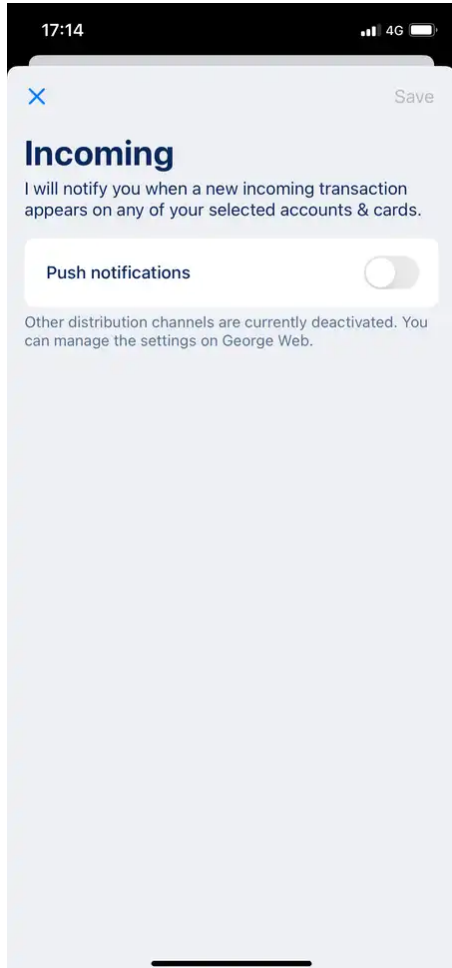

Then you will see a list of different kinds of notifications.

You can then activate push notifications

You can then activate push notifications there.

Make sure to also enable notifications in the system settings of your phone.

Topics

You can activate push notifications for the following topics:

Incoming transactions

George will notify you as soon as you have an incoming transaction.

Outgoing transactions

George will notify you as soon as there is an outgoing transaction happening.

Balance

George will also notify you about your balance (changes).

Cards

George will notify you as soon as a transaction with your card is authorised.

Currency conversion

George will notify you as soon as there is a currency conversion happening on your card(s).

Important stuff

George will notify you as soon as there is something else (but still important) going on in your account or card, e.g. a failed transfer.

Web Browser

How to get there

From your overview, go to your profile.

From there, you will see "Notifications" in your side menu. Go there.

Now you are on the notifications page where you can see all the different forms of notifications.

There, you can activate and edit them.

Topics
