**Who hasn't experienced it: you're standing at the ATM or at the supermarket checkout and suddenly you've forgotten the 4-digit PIN code of your debit card, even though you've had it in your memory for years.**

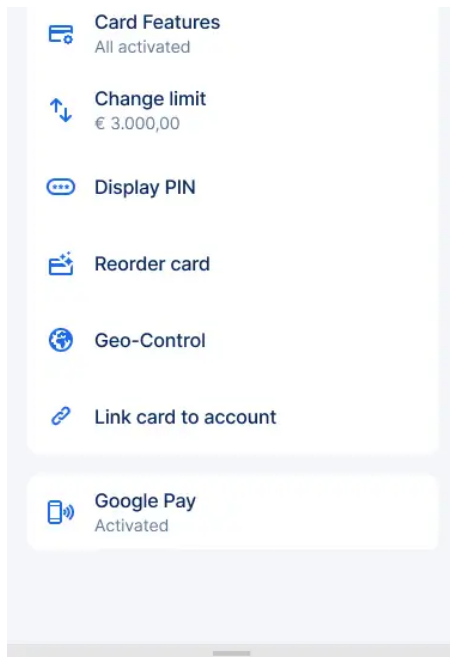

With George, that's no problem, because he can show you the PIN even when you're on the move. Or comfortably at home on your computer. Just as you like it.

## Please note

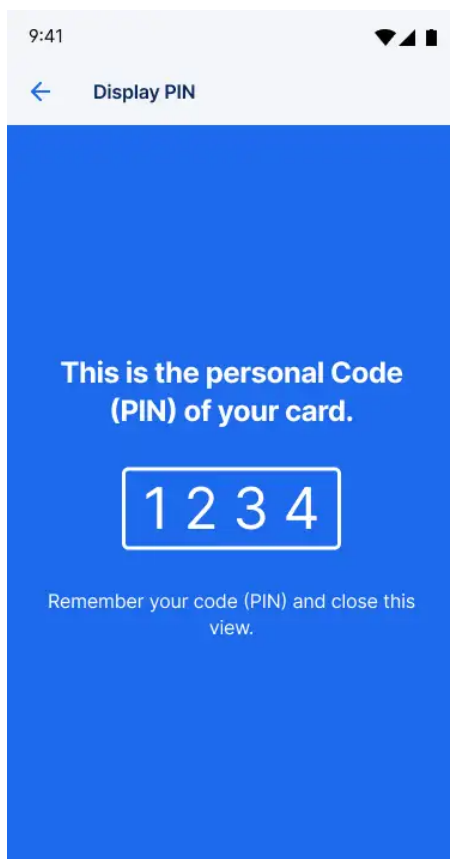

You will not receive a new PIN code by post. Depending on your bank and card type, there may apply a fee for displaying your PIN. George will inform you about possible costs directly.

## App

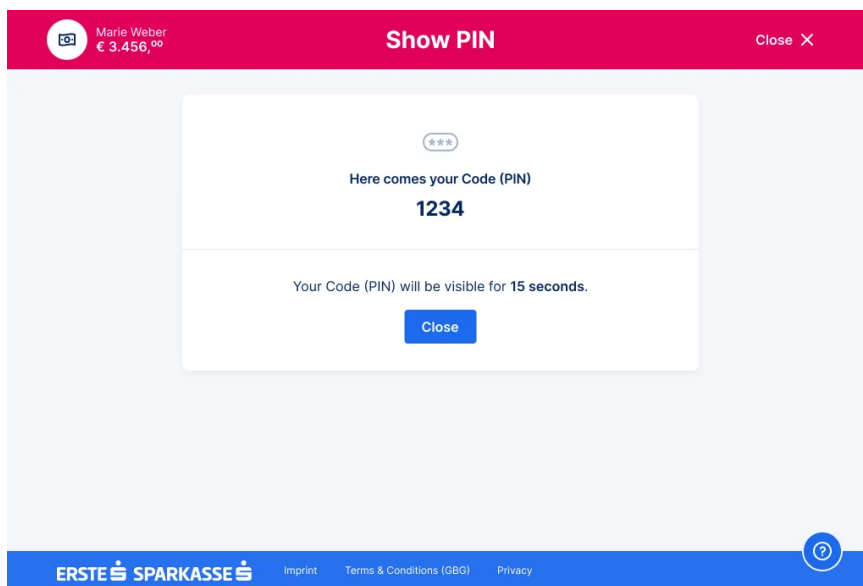

Select the debit card account, click on "Functions" and "Display PIN". Sign the action with your signing method and you will see your PIN displayed for 20 seconds. Up to 5 times per day. Please make sure that only you see your PIN.

A blue rectangular button with the word "Done" in white text.

## Web Browser

Select the debit card account, click on "Debit card(s)" and in the next step on "Your Code (PIN)". After your signing, George will display your PIN with a countdown for 20 seconds. Up to 5 times per day. Please make sure that only you can see your PIN.
