When you login to the George browser version, you can do that by using your user number ("Verfügernummer"), which you can see at the back of your debit card. You can also see your user number in your George profile (app and browser version). Additionally, you can also create a custom username to use for said browser login. One you might probably remember more easily than a nine-digit number. Want to try it out? It just takes a few simple steps.

George Login

Please type in your user number ("Verfügernummer") or the username you created.
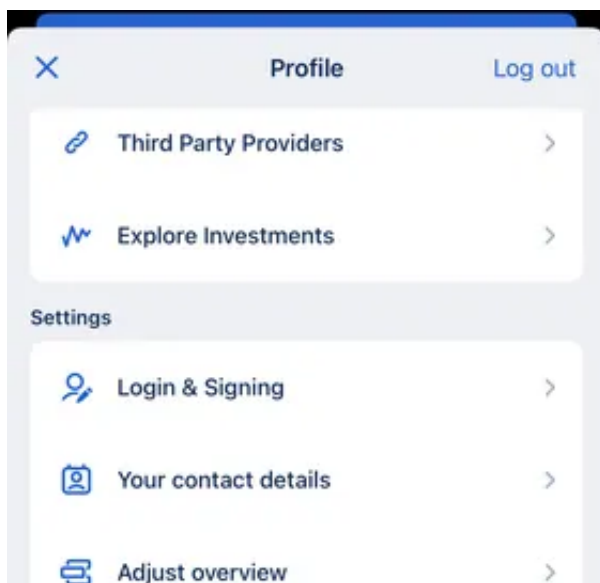

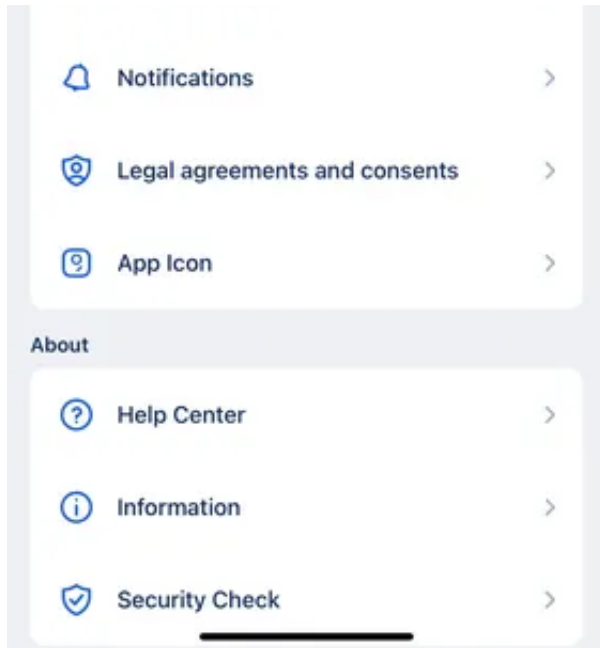

User number/Username
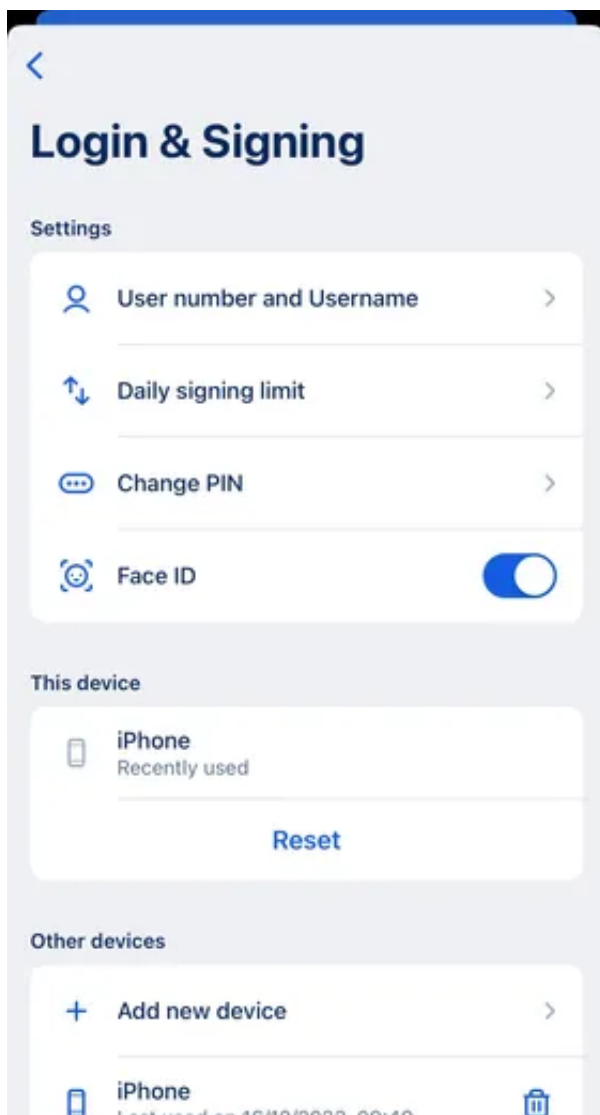

Start login

Activation code needed or EB-PIN forgotten?

App

How it's done

Go to your profile area. Therefore, click the icon on the top right of your overview.
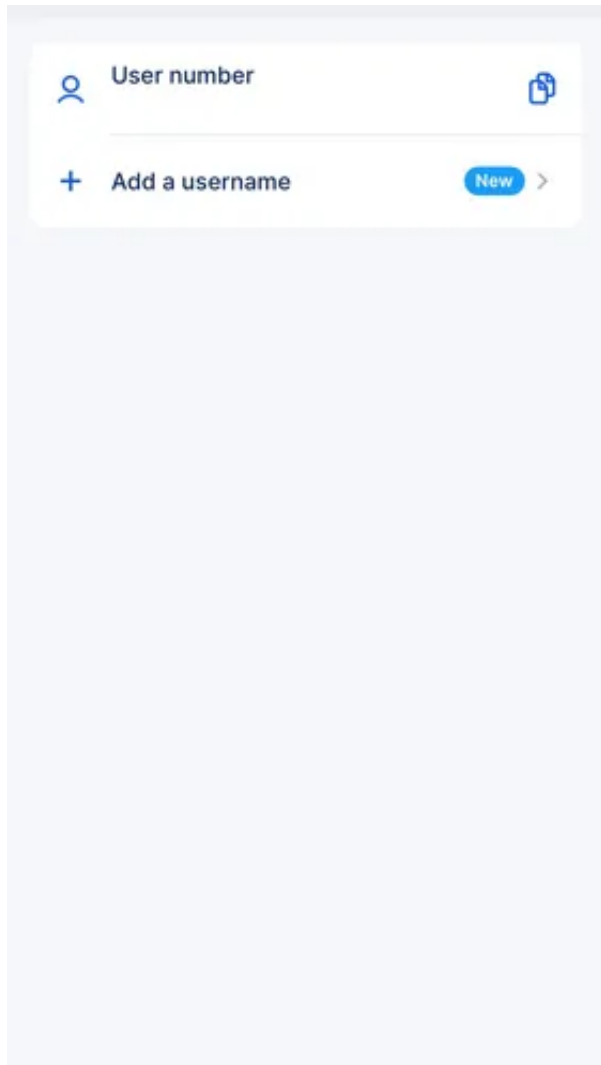

Go to "Login & Signing".

Profile   Log out

Third Party Providers

Explore Investments

Settings

Login & Signing

Your contact details

Adjust overview

Then, go to "User number and Username"

Then go to "Add a username".

User number

+ Add a username   New >

Type in your individual George username.

Complete with clicking "Done".

You can now use your new George username when logging into the browser version.

You can of course change this name any time easily via George.

Web Browser

Coming soon

Soon you will also be able to set up a custom username via the George browser version.

ⓘ **Please note**

The username must have a length of 8 to 80 characters and is stored in lower case. The special characters <>=! {}%*@ are not allowed.

Your custom username is another way to make your banking experience easier and more convenient. Try it out and add/change your username easily via your George app.
