At George we believe that you should adjust your banking experience to your needs. We help you set up and get the accounts and cards that fit your lifestyle – and then let you personalise them. For example, by adding a picture or photo to an account or card. This way, you can give it a personal touch and distinguish it from the rest more easily. So why not give it a go?
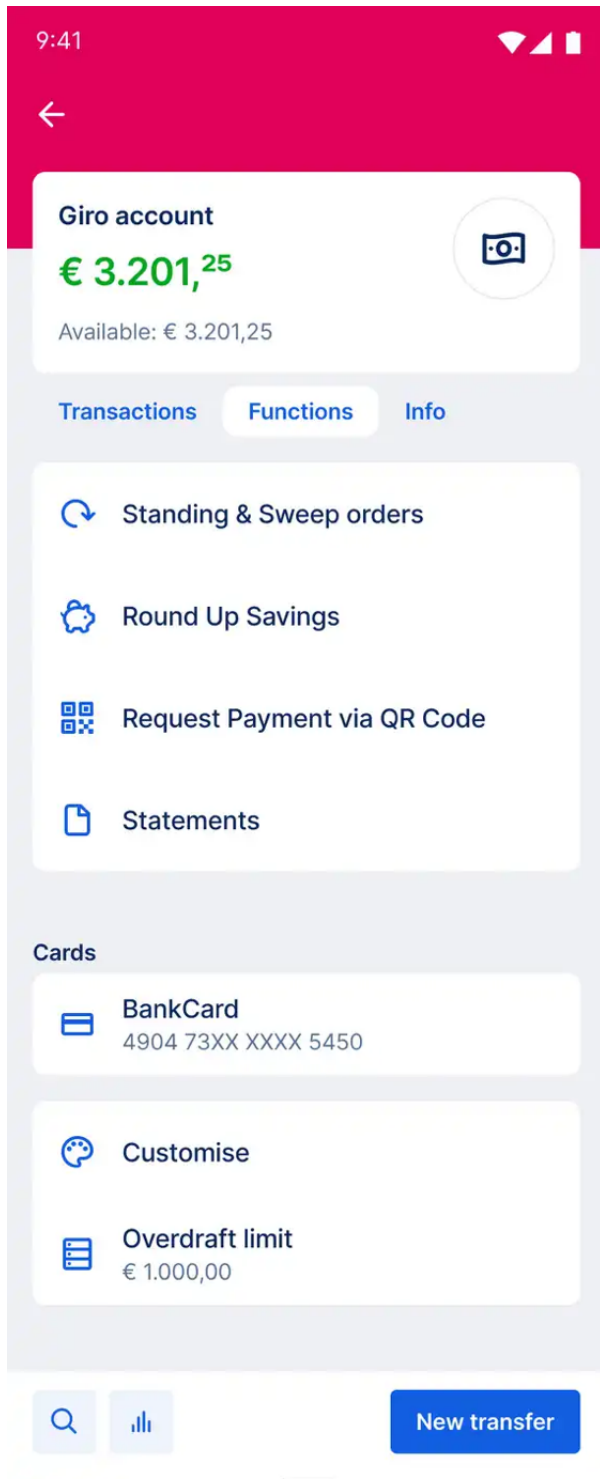

App

Change or add a picture

Access George.

From your overview, choose the account or card for which you'd like to add a new (or different) picture.

Click on those three dots at the bottom of the box.

Choose "Customise appearance".

You can also access the "Customise" area via your account's or card's "Functions" menu.

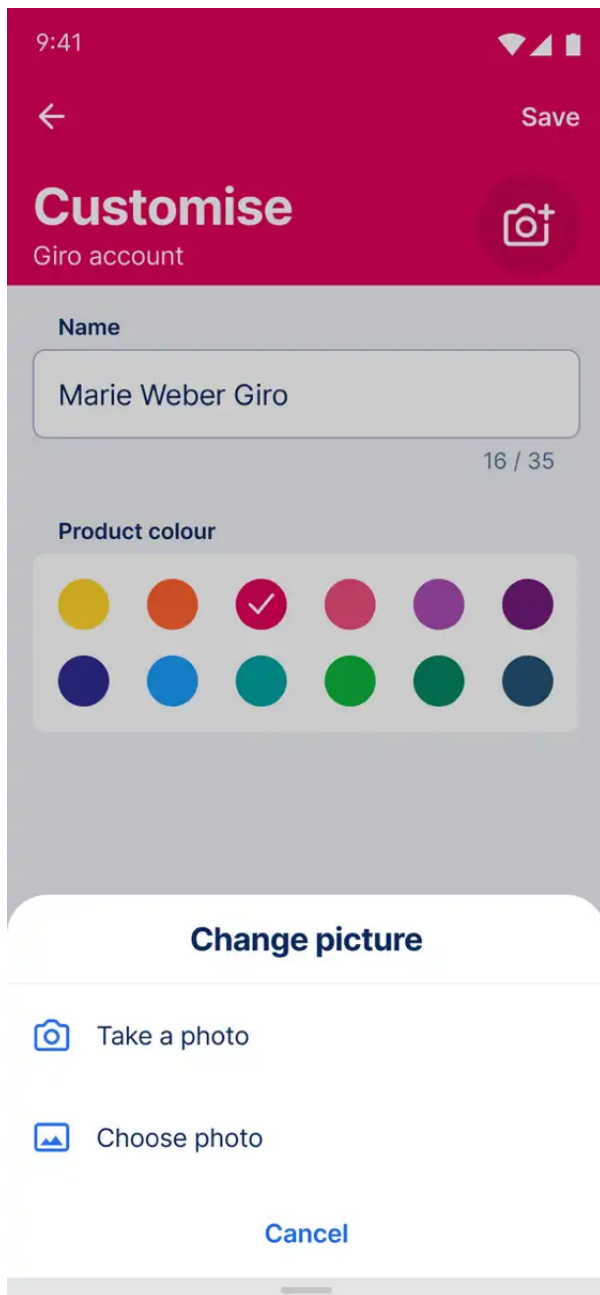

Choose a new picture for your account or card by clicking on the camera symbol on

card by clicking on the camera symbol on the top right.

You can then either take a new photo or choose one from your gallery.

Click "Save".

The picture of your account/card has been changed successfully.

For deleting a picture, also go to "Customise appearance".

Click on your current picture.

Choose "Use default picture".

Web Browser

Change or add a picture

Access George.

From your overview, or via the menu item "Your Products", choose the account or card for which you'd like to add a new (or different) picture.

Go to the card/product settings.

Change the picture by clicking on the camera symbol.

Click "Change image".

Choose a picture from your computer.

Click "Save".

If you want to delete your picture, you can also do so via the product or card settings of your account/card.

To do so, click on your recent picture in the circle above your account and name.

Choose "Delete".

Alternatively, you can also change the pictures of accounts and cards directly via the overview, by clicking on the three dots at the bottom right of the box. Just click on "Change image", choose a picture and save the changes.

Changing the picture of your accounts and cards is not the only way to personalise your g(e)orgeous banking experience. You can also work with **different colors**, **change names** or **show and hide certain overview elements** to personalise George even more. Try it out and have some fun with it.
