Apply device settings

Custom user font
If you activate your custom font, I will use the one
specified in the device settings.

ⓘ Please go to your device settings, to change the
   fontsize and display size.

Open settings

Time to choose sides. You can switch between light mode or dark mode at any time.

If you select "Apply device settings", George will automatically enter dark mode when your device is in dark mode. You can change your device's display mode in your device settings.

And that's how you turn off the lights. 🕯️

iOS App

George will automatically enter dark mode when your device does. Follow these steps to enable dark mode for George and your device.

In your device settings, scroll down to "Display & Brightness".

Under "Appearance", you can now choose between "Light" and "Dark".

If you select "Automatic", you can create a custom schedule or choose to enter dark mode at sunset.

And that's how you turn off the lights. 🕯️
